- If you select **Upload Contribution File** from the Electronic Contribution page, you can upload employee hour & wage data directly into the system from a data file in .CSV or .TXT format. These files can normally be extracted from your company's payroll system. Using this option can be helpful when there are a large number of employees for whom fringe contributions are being reported.
 1. Select a **Work Start Date** and **Work End Date**. If you are a monthly contractor, please use the first day and the last day of the month. If you are a weekly contractor, please use the payroll start and ending dates.
 2. Select the appropriate CBA based on the work you are reporting for. This will pull the related fringe rates.
 3. Click the **Browse** button to find the .CSV or .TXT file that you want to use.

Upload a Contribution File

Whether you export from your payroll system or you use Excel to create spreadsheets with employee information, you need to save your file as a .CSV or .TXT file. Simply select “File,” “Save As,” and choose .CSV or .TXT from the “Save as type” drop down list.

Below is the file format that must be used in order to upload contributions. The columns must be in this exact order or an error will occur and you will be unable to upload. A header line should not be used in your file (i.e. employee contribution information should begin in row 1). If a header line is included, it will cause errors when uploading.

- If you select Copy / Modify Previous Report Form from the Electronic Contribution page, you will be able to reuse electronic contribution data previously input into the system for the current month you are now entering. This option will auto-populate the same Employees (with SSN & names) as were previously used by you for the selected CBA. This can be beneficial when you consistently report on the same employees each pay period.
 1. Select a Work Start Date and Work End Date. If you are a monthly contractor, please use the first day and the last day of the month. If you are a weekly contractor, please use the payroll start and ending dates.
 2. From the Invoice Number drop down list, select the Invoice you would like to copy.
 3. Check the box in the bottom left of the screen to zero out any information from the copied data. This will keep the same employees but zero out their hours & wages so you can enter the correct amounts for this pay period.
 4. Click the Submit button.
 5. The rest of the process is the same as entering a new contribution form (refer to instructions above).
